

## SCHOOL WEEK IS CELEBRATED IN NEIGHBOR TOWN

Aberdeen Is Celebrating School Week—Class Play To Be Given Tuesday Evening—Commencement Friday.

This is School Week in our neighboring town of Aberdeen and the little village is very much alive with last-day affairs in honor of the graduating class. This year's class is the first to complete the Aberdeen High School as a first class, four year High School. In the past there have been only three years of training in this school, which has always rated as a third grade school.

Much of the credit for this great step forward by the Aberdeen school is due to the efforts and scholarship of Prof. D. H. Patton, principal of the Aberdeen High School, and the hearty co-operation he has received from the splendid School Board and the good citizens of Aberdeen.

School week was begun Sunday evening when Rev. Fred Riley preached the Baccalaureate sermon at the Methodist church.

The annual class play "Hundering Bill" will be given Tuesday evening at the Masonic hall. This play is a rollicking comedy and it is expected that many will see it.

The Commencement exercises proper will be held Friday evening at the Methodist church. The commencement address will be made by Prof. A. M. Crane, of the Walnut Hills High School, Cincinnati. Music will be furnished by an orchestra from the Cincinnati Conservatory of Music.

## LOCAL CONTRACTOR GIVEN CONTRACT FOR NEW SCHOOL

Mr. J. C. Simons Will Build Attractive New High School Building at Orangeburg During This Summer.

The Orangeburg Improvement Association has awarded the contract for the erection of their attractive new High School building to Mr. Joseph C. Simons, local contractor, who expects to begin work in the very near future and complete the structure during this summer.

The new Orangeburg school will be built on the same general plan as the beautiful new school house at Tollesboro. It will be of brick and three stories high. Upon the top floor of the building will be a large auditorium to be used for school purposes and as a community auditorium, giving the Orangeburg neighborhood their first large auditorium.

The Minerva Improvement Association expect to decide on their plans in the very near future and this new house will also be erected during the coming summer.

### CIVIL SERVICE EXAMINATIONS TO BE GIVEN AGAIN

The Civil Service Commission invites special attention to the fact that in examinations held recently in Maysville, Ky., and other cities throughout the United States for junior engineers, Bureau of Standards, fish culturist, Bureau of Fisheries, assistant agricultural economist and junior agricultural economist (marketing) in the Bureau of Markets and Crop Estimates, Department of Agriculture, applicants were not secured in the number desired, and that these examinations will be held again. The fish culturist examination will be held on May 10; the others will be held on May 24.

Persons interested in these or other examinations should apply to the Secretary of the U. S. Civil Service Board at the local postoffice for detailed information and application blanks.

Mrs. Wood will stop over in Louisville for a short visit with her son, Clarence L., Jr., arriving in this city next Saturday evening.

### FORMER AUGUSTA WOMAN DIES IN INDIANA.

Friends here have been advised of the death at the home of her daughter in Marion, Ind., of Mrs. Frank Power, former resident of Augusta, who was well known here. The body was taken to Augusta Monday and burial will be held there Tuesday.

### INFANT DIES.

The infant daughter of Mr. and Mrs. Charles Schumaker, of the Lewisburg neighborhood, died Monday and was buried Monday afternoon.

## CAPTAIN ORT GETS TWO LARGE STILLS IN LEWIS COUNTY

Federal Prohibition Agent, Assisted by Posse, Takes Two Stills in Possession of Lewis County Women.

Captain Harry A. Ort, Federal Prohibition Agent, assisted by Deputy Sheriff McCalley, of Lewis county, Constable Henry Warren and Detective John Mitchell, raided three places in the town of Garrison, Lewis county, Monday and captured two good sized stills, a quantity of whiskey mash and some of the finished product.

Both liquor factories were found in the possession of women, both of whom have small children. Captain Ort permitted the mothers to stay with their brood and will report the matter to the Federal Commissioner at Covington for action.

At the home of Mrs. Virile Pierce, a widow with five small children ranging in age from 2 years to 9 years, Captain Ort and his squad discovered a still which was made from a 6 gallon wash boiler. He also found a fifty gallon barrel which contained about 20 gallons of mash. At the home of Charles Welch, nearby, the officers found a missing part of the Mrs. Pierce still.

At the home of Mrs. John Willis, whose husband is now a prisoner in the Ohio State Penitentiary serving a term of years for grand larceny, the officers found a complete still, coil and flake stand, four and a half gallons of completed whiskey and two fifty gallon barrels of mash. Mrs. Willis is the mother of four children, all of whom are at home. Their ages range from six months to nine years.

Captain Ort has had his eye on the illegal liquor factories at Garrison for some time and as the Captain is just getting started in Lewis county, many more seasonal developments in the illicit whiskey business may be expected in our neighborhood.

### LOU TELLEGEN PLEASURES.

The brilliant young actor Lou Tellegen with a superb cast presented his own famous play "Blind Youth" at the Washington Monday evening and pleased a very much interested audience. This is Mr. Tellegen's second appearance here in this same play. He is one of the best actors seen on the local stage.

### BRACKEN MISSION BOARD TO MEET HERE SATURDAY.

The District Mission Board of the Bracken Association of Baptists will meet in special session at the First Baptist church in this city on next Saturday. Business of importance is to be transacted.

Miss Anna Dodson returned Monday from a visit with her sister, Mrs. Cheate of Atlanta, Ga.

## COLORADO EDITOR SLAYS OPPONENT ON STREET

Editorial Fight Between Colorado Editors Ends in Gun Play and the Slaying of One.

Denver, Colo., April 24. — A special to The Post, from Durango, Colo., says Rod S. Day, editor of The Durango Democrat, following a quarrel on the streets of that city today, shot and killed William L. Wood, editor of The Durango Herald.

They met on the street today, according to the special, and several blows were exchanged. Then Day is alleged to have drawn a revolver and fired twice. Wood fell mortally wounded.

Day was placed in jail. Day is one of the best-known editors in Colorado.

According to The Post, the men disagreed several months ago on an editorial Day printed in his paper on the Eighteenth Amendment to the Constitution. Latterly the men according to the special, have been exchanging editorial comment, which is said to have grown personal.

Day is 47 years old. He is a son of Colonel David F. Day, pioneer Colorado editor, and took over the editorship of The Democrat in June, 1914, following the death of his father.

### FORMER MAYSVILLE MAN DIES IN ROBERTSON COUNTY.

Mr. Lee Thomas, aged 37, former Maysville man, died at his farm in Robertson county near Mt. Olivet Monday evening. He is survived by his wife and one child and his mother, Mrs. Bettie Trisler, as well as a half-brother, Mr. Hayes Storer of Maysville. Funeral services will be held at Mt. Olivet Thursday morning at 10 o'clock and burial will be made in the Maysville cemetery at 2 o'clock Thursday afternoon. The burial will be in charge of the Maysville lodge of Red Menn of which Mr. Thomas was long a member. The deceased was a high type young man, well liked by all who knew him.

### CITY SCHOOL BOARD TO MEET FRIDAY NIGHT.

The April meeting of the Maysville City Board of Education will be held at the office of the Superintendent at the High School building Friday evening of this week at 7:30 o'clock. This will be a very important meeting of the board as the election of teachers for the next school year will be held at this time.

## ABERDEEN MERCHANT DIED SUDDENLY ON MONDAY AFTERNOON

Mr. Thomas Kewin, Prominent Citizen of Aberdeen, Former Local Shoe Merchant, Died Suddenly of Heart Trouble.

Mr. Thomas Kewin, Aberdeen shoe merchant, died very suddenly at his home in that town Monday afternoon at about 5 o'clock of a heart attack. Mr. Kewin had been subject to these attacks of heart trouble for a number of years but was in as good health Monday as at any time in recent years. He was stricken while seated in his chair and lasted but a very few moments after the attack came upon him.

Mr. Kewin was 89 years of age and had been in the shoe business in Aberdeen for a number of years. Before moving to Aberdeen, he had been engaged in the shoe business in Maysville for a number of years. He was in his 89th year and was very prominent in Masonic circles. His wife preceded him to the grave about three months ago. He is survived by one sister, who lives in Philadelphia, and one half brother.

Funeral will be held at the Aberdeen Methodist church at 1 o'clock Wednesday afternoon with services by the pastor, Rev. Fred Riley. Burial will be made at the Maysville cemetery and will be in charge of the Aberdeen lodge of Masons. The Masonic burial service will be held at the grave.

### MANY SEE MISS DU PONT.

Miss Du Pont, who in real life is Pattie Helzer, former Maysville girl, was seen for the first time in moving pictures at the Patsime theater on Monday of this week. Many saw her during the day. Miss Du Pont is a promising young actress who has been developed by Universal in the last two years and bids fair to make a star of considerable importance. Miss Du Pont made her first appearance on the stage in the Washington Opera House, this city, in a school play given by the Forest avenue school, where she was a student for several years.

## TEXAS CITY IS SWEEP BY FLOOD, STORM AND FIRE

Fl. Worth, Texas, Visited by Destructive Conflagration Early Tuesday Morning In Wake of Great Storm.

Fl. Worth, Texas, April 25. — Hundreds were homeless and 50 houses were covered with water in Sycamore Heights today, as the result of a terrific storm which flooded parts of Ft. Worth early today.

Police and firemen who rescued men, women and children from tree tops continued searching the ruins of scores of homes for about 25 persons they said were unaccounted for. Lights and signals of distress flashed from windows of houses the rescuers were unable to reach.

Fire broke out in the William Cameron lumber yard on the west side. The Fire Department was unable to respond to the call because flood waters rushing through the streets.

SIGNS OF BETTER BUSINESS.

The United States now dominates the world steel market. Fear of foreign competition in steel export trade is rapidly vanishing. America is underselling every European country except Belgium in nearly every branch of steel exports. Belgium's productive capacity is not large enough to worry about. Before the war, Germany dominated world steel exports.

Employment in the iron and steel industry gained 5.13 per cent. in March, says the Bureau of Labor. This indicates increasing labor productivity, for pig iron output increased 13 per cent. in March, while steel ingot production gained 35 per cent.

March exports were the largest in five months. They totaled \$332,000,000, or \$81,000,000 more than February. England's March exports gained only 11 per cent. over the previous month, against our gain of 33 per cent.

Sears-Roebuck mail order sales in March totaled \$15,801,601 against \$12,413,308 in February. It's the customary seasonal gain. Mail order sales now are nearly as big as in 1917, measured in dollars.

Home construction in 27 northeastern states is largest since the summer of 1919. Total building contracts in these states in March involved 79 per cent. more money than March, 1921, reports F. W. Dodge Co.

Price advances in gasoline market are cropping up in various parts of the country. Some oil men take this to mean that price of crude oil is on the eve of an increase. Others point out that kerosene prices are softening and that an attempt is being made to stimulate kerosene sales and let gasoline foot the bill.

## FARM AND HOME NEWS FROM OVER KENTUCKY.

Knox county farm boys and girls are to have a hand in replacing the scrub and mongrel hens of that district with purebreds, County Agent Earl Mayhew says. Sixty settings of purebred hatching eggs recently were distributed to members of junior agricultural clubs to be used in helping them get a start with purebreds.

The purchase of 14 purebred Poland China hogs by Leslie county farmers marks a new interest taken in that section of the state in the improvement of herds by the use of purebred breeding stock, according to a report of County Agent T. L. Britton.

Junior agricultural club work among Graves county boys and girls has developed to the point where the youngsters organize a club of their own accord before calling on the county agent for help, according to County Agent B. H. Mitchell. Dessie Williams, a high school student at Cuba, Graves county, recently organized a club of 50 members and then asked for assistance in developing it.

Odd county farmers living in the Trenton community will give special attention to co-operative marketing, soil improvement, seed selection, increased acreages of legumes, elimination of scrub sires, a community junior agricultural club show and poultry improvement during the coming year, according to a program of work which they have arranged with the help of County Agent I. C. Graddy.

A number of Warren county farmers are planning to use acid phosphate on their tobacco plants this year, broadcasting it at the rate of from three to four hundred pounds an acre, County Agent L. E. Cutler says. This fertilizer has given good results in increasing crop yields when properly used.

## SEASONAL TIPS FOR GARDENERS.

The first plantings of summer squash can be made about May 1. Summer Crook Neck and White Bush are good varieties. The seeds are planted in hills about four feet apart each way.

Despite the fact that many attempts to grow a few watermelons in the home garden are unsuccessful, most farmers and gardeners feel that they would like to have the plant included. If the seeds are planted in hills eight feet apart each way and a shovelful of manure thoroughly mixed with the soil in each hill, the crop may be grown successfully, gardeners at the College of Agriculture say. Tom Watson and Kleckley Sweets are good varieties.

The striped cucumber beetle is said to be one of the worst insects attacking cucumbers. A few squash seeds planted in each hill with the cucumbers will help hold down the amount of damage since the beetles prefer to feed on the squash.

If sweet corn and bush string beans

are planted in rows, they may be followed by other crops later in the season. Sweet corn may be followed by fall turnips that are planted about August 1 and bush beans by fall beets planted about July 15 or fall lettuce planted about August 1.

Buy in Mayville. It pays.

## PAINS ACROSS SMALL OF BACK

Husband Helped in Housework— Lydia E. Pinkham's Vegetable Compound Made Her Strong

Foster, Oregon.—"I used Lydia E. Pinkham's Vegetable Compound for pains across the small of my back. They bothered me so badly that I could do my work only with the help of my husband. One day he saw the 'ad.' in our paper telling what Lydia E. Pinkham's Vegetable Compound is doing for women, so I began to take it. It has helped me wonderfully. I am feeling fine, do all my housework and washing for seven in the family. I have been irregular too, and now am all right. I am telling my friends what it has done for me and am sure it will do good for others. You can use this letter as a testimonial. I will stand up for Lydia E. Pinkham's Vegetable Compound any time."—Mrs. Wm. J. HUNTER, Foster, Oregon.

Doing the housework for a family of seven is some task. If you, as a housewife, are troubled with backache, irregularities, are easily tired out and irritable, or have other disagreeable ailments caused by some weakness, give Lydia E. Pinkham's Vegetable Compound a trial. Let it help you.

## HOW WAS IT DONE?

Records kept by the Metropolitan Life Insurance Company show an extraordinary decrease in the death rate among its Industrial, or weekly premium, policy-holders. Comparing 1921 with 1911, for example, there were 55,000 less deaths in 1921 than there would have been if the 1911 death rate had prevailed.

What brought about the great saving of life?

The general public health movement—progress in medical science and sanitation—other causes, perhaps. But a very great factor has been the tremendous health campaign carried on by the Metropolitan itself. This page tells a part of the story.

### HELPING 19,000,000 PEOPLE

About 19,000,000 people are insured in the Metropolitan—over 16,000,000 under weekly premium policies. The weekly calls of Agents at the policy-holders' homes provide a wonderful opportunity for health and welfare work.

The Company has accepted the opportunity and to-day is at the forefront of public health work in America.

### 14,000,000 VISITS BY TRAINED NURSES.

Free nursing service is given to Industrial policy-holders in 2,800 cities and towns. Trained nurses not only heal the sick but teach right living. About 14,000,000 visits have been made—2,116,875 in 1921 alone. Numerous letters tell of lives saved.

### DISCOVERING DISEASE IN TIME

Free medical examinations often disclosing incipient disease in time to cure it, are granted to Ordinary (annual premium) policy-holders, subject to reasonable conditions.

### HELPING THE EMPLOYER TO KEEP

Employers insuring their employees under Group policies are advised regarding health conditions and accident prevention, while the employees receive the benefits of nursing service and welfare literature.

### 238,000,000 PIECES OF LITERATURE

Attractive booklets and pamphlets in great variety, dealing with the important phases of health and disease, and prepared by leading experts, are distributed broadcast. So far, 238,000,000 copies have been distributed—25,000,000 in 1921.

In addition, 18,000,000 copies of "The Metropolitan," a health magazine, are issued annually.

### A CITY THAT IS WATCHED

In Framingham, Mass., the Metropolitan is leading the way in a great experiment, watched by health authorities throughout the country, to demonstrate what proper municipal health regulation can do. Deaths from tuberculosis have dropped from 121 per 100,000 to 40 per annum.

The Company issues policies from a Hundred to a Million Dollars of Insurance. In fact, its Ordinary is now larger than its Industrial. The Company also issues Health and Accident Policies—minimum \$5,000.

### FOR THE NATION'S HEALTH

144 health exhibits and emergency hospitals at county fairs last year; 293 "Clean-up" campaigns; agitation by Agents for health legislation; nationwide campaigns against special diseases; sickness and sanitary surveys; a study of municipal health departments; leadership of practically all American research work relating to influenza—these are some instances of the Metropolitan's activity in the interest of public health.

### HOUSES FOR 17,744 FAMILIES

In the investment of its funds, the Metropolitan is now giving preference to loans which will aid housing. During 1920 and 1921, the Company made and pledged loans of \$68,000,017, on new dwellings and new apartment houses, providing homes for 17,744 families.

### GREAT DECLINE IN DEATH RATES

The death rate among Industrial policy-holders reached its lowest point in 1921—31.9% lower than in 1911. The rate from typhoid decreased 71%; tuberculosis, 49%; Bright's disease, nearly 30%; infectious diseases of children nearly 37%. The "Expectation of Life" of white males (reckoned from age 10) increased 4 years.

### PUBLIC APPRECIATION

The American people have made the Metropolitan the greatest life insurance company in the world, with \$7,005,707,839 Insurance in force.

It leads not only in Industrial but in Ordinary. More than half of its business in force is Ordinary—\$3,892,267,274—which is more than that of any Company in the world.

### THE FUTURE

The Metropolitan will continue its endeavor to offer the best there is in life, health and accident insurance, and to save human life. Continued growth will give the Company still greater opportunities to serve the American people in insurance protection and in the conservation of life and health.

## New York Letter

by Lucy Jeannie Price

New York. — Not in many, many years, at least, have the streets of New York City been such a riot of color as they are this spring. Visitors from California used to shiver at the "gloom of our dark blue serge." "You think you have to be positively dreary to be smart and correct," they have told me many times. I hope a lot of them are in town to see us this year! Rose, heliotrope, blues of every shade — except our old time "navy" — yellow, orange, jade green, oh! everything that is bright and radiant and that makes the crowds of girls and women look like a great moving flower garden! I believe it's good for us, too. I'm almost inclined to believe that the financiers of this country got the ectomours into a secret session and whispered to them that they held in their hands the key to our "return to normalcy," to cheer, to prosperity. It certainly does make you feel as though the world is a gay and happier, more prosperous place than it does when black and navy blue are the only colors in sight. Let's give thanks for the tweed suits or whatever it was that brought in this reign of vivid colors for the streets!

The diet-enthusiast need no longer stand in dread of hotel meals — when he eats in his own hotel. When the management of the Hotel Commonwealth, the big co-operative enterprise in New York, searched around for other details of hotel life which might be left to the dictation of its owner-guests, it remembered the diet-difficulties which seem to engross a considerable portion of our population in these pushing days. Calories — vitamins — all those imposing things which were unknown to past generations must be taken account of now. Consequently on the hotel menus will be various little group-meals, intended for the man or child whose digestion or temperament needs especial attention. That this plan will not only work for the health of the Commonwealth patrons, but will impress them still more with the fact that they do own the hotel and can dictate what they get out of it, is the idea of those in charge of the enterprise.

Donald Carl Sharpsteen has gone the Lucy Stone League "one better." That organization declares only that a woman should keep her own name after she is married. Donald has given up his and taken his wife's. In his position filled with the supreme court to allow his change of name, it is pointed out that the legally-named Mrs. Sharpsteen, who was Miss Relda Van Ryper before her marriage, holds real estate under her maiden name and has transacted all business in that way and wishes to continue to do so; and apparently the couple agree that it is better for husband and wife to have the same name whatever it may be.

—NY—

We have been having an interesting and rather upset lot of foreigners arriving at our docks this month. First there came Prince Giovanni Rospigliosi and his little daughter, Princess Elena, from Italy. The Prince was perfectly calm and pleased to be here, but Elena lost her Pekinese dog almost immediately and that evoked a tremendous lot of agitation. Then Ivan MacInoff, whose wife has been appearing in a cabaret here while waiting for him to get here from Russia, bearing "the last will and testament of the Romanoffs," completely disappeared. His wife met him at the pier and arranged to meet him again at the Hudson tube, and he never came. That is more serious, of course, at least for the MacInoffs, than the lost Pekinese. And finally there is the expected appearance of Prince Lukellah an Egyptian revolutionist. Among the passengers who reached here from Mediterranean ports, was Miss Dorothy Farnum, authoress and dramatist, of 23 West 54th street. She explained to her thrilled listeners that she was pursued by this Egyptian Prince, who saw her in Cairo and was instantly enamored. He pursued her around Europe and is supposed to be coming over here shortly.

—NY—

The "old-timers" have met with the enthusiasm which we thought they would in Dr. Wolf Hopper's "Some Party", the minstrel show and revue.

### WOMEN'S WOES

Maysville Women Are Finding Relief At Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with aching pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidneys only that is endorsed by people you know. Mrs. E. L. Cullen, 222 West Second street, Maysville, says: "Three years ago I had an attack of kidney trouble and my back ached continually. I had no ambition to do my housework and everything seemed a drag to me while going about it. I had blinding, dizzy spells and my head ached all the time. My kidneys were not acting regularly and in other ways showed signs of disorder. Doan's Kidney Pills were recommended to me and I sent to Wood & Son's drug store and got a box. After using them I got over the trouble entirely and have never since been bothered. I willingly recommend this remedy."

Price 60c., at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cullen had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

### MAYSVILLE GAS CO.

Just opened at Al Johnson's Theater. Lew Docstader, Je De Angellis, Percy Haswell, Virginia Futrelle and many others are there, everyone of them as good as in days gone by and finding an audience just as glad to see them all hear them as in those days. One of the best things is a satire on grand opera, called "Burning to Sing." It is "melodious, ironic, and excellently sung and acted."

Inconsistencies are an expected part of life. But the committee in charge of an anti-child-labor organization's entertainment was startled the other day by having an offer of the services of two six-year-old song and dance prodigies to help with the show. It does seem a bit incongruous, but the parents of the children or their managers evidently saw nothing inappropriate in such a billing.

### UPLAND SOILS NEED LIME

FOR BIGGER CROP YIELDS.

Lexington, Ky. — Practically all the upland soils of Kentucky outside of Bluegrass region, and some in that region, are acid to the extent where liming is needed and will give profitable returns in general farming according to a new circular, No. 59, written by P. E. Karraker and published by the College of Agriculture extension division here for free distribution to farmers of the state.

The soils of the Bluegrass region have become slightly acid in many places through the removal of their limestone by drainage waters and in all these places neo limestone for the successful growing of alfalfa and sweet clover and sometimes for red clover and other legumes, the circular states.

Practically all the limestone soils of western Kentucky have become acid to the point where liming is needed, it continues. Outside the limestone regions of the state, all the upland soils are considerably acid, requiring usually from one-half to two tons of ground limestone an acre to neutralize the acidity in the surface foot of soil over an acre, the publication states. The well-drained, dark colored, better bottom soils are not acid to any harmful extent. The light colored, silty, bottom soils in all probability need liming and will respond profitably to treatment with it, it is said.

The use of limestone and acid phosphate on the Kentucky Agricultural Experiment Station soil fertility fields located on the acid soils of the state has resulted in the corn yield being increased 14.6 bushels, the wheat yield 7.6 bushels, that of soybeans 1,337 pounds and that of clover hay 2,021 pounds, according to the circular. This fertilizer treatment has practically doubled the yields of these crops with a net profit of more than \$2 for every dollar invested in limestone and phosphate, it concludes.

Price 60c., at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cullen had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

### WOMEN MUST DO IT

Every woman knows that her House has to be cleaned thoroughly every Spring. During Winter, dust, dirt and germs accumulate in the corners, under the rugs, in the curtains "an" every place.
